

IMPORTANT NEW CHANGE

The Corridor is moving to a once-a-year funding cycle! Each spring, we will invite Working Groups to submit proposals for activities in the Fall and/or Spring semesters of the upcoming academic year.

APPLY FOR WORKING GROUP FUNDING between February 20 and March 27, 2023.
[*The next cycle will open Spring 2024 to apply for 2024-2025 academic year awards*].

We welcome proposals from new and existing Working Groups led by faculty and academic staff at Syracuse University, Cornell University, the University of Rochester, Colgate University, Hamilton College, Hobart and William Smith Colleges, Skidmore College, St. Lawrence University, Union College, Le Moyne College, and Rochester Institute of Technology.

PLEASE REVIEW the [Call for Proposals](#) on the Corridor website and our [Tips for a Successful Proposal](#) prior to completing this form.

REMINDERS:

- All Groups are expected to provide strong funding rationales and to rotate awards across Corridor locales and host institutions over time.
- Since Corridor funds support academic-year activities, proposed activities must take place within Fall / Spring semesters (no summer awards/funding).
- All Fall awarded activities and expenses should be completed and submitted by December 15; all Spring awarded activities and expenses should be completed and submitted by May 15, for processing.

TECHNICAL NOTE: We are aware of occasional quirks within this Qualtrics form that can affect some users / browsers, so we ask you to be prepared and patient as you navigate your way through the prompts. As one example, you may *appear* to be stalled on a page (i.e., clicking the Next button at the bottom-right of your screen does not immediately take you to the next section), *but keep trying!* It has taken some users multiple button clicks before the page will 'catch up' and advance. Inability to advance could also mean that you haven't completed a required* field.

To minimize technical difficulties, we recommend that Group Organizers collectively prepare as much as possible 'offline' before answering the proposal form questions online. A copy of your submitted proposal will be emailed to you upon completion. The confirmation email will include a personalized link, should you or others in your group need to edit -- and resubmit -- your responses up until the proposal deadline.
